Details: Harmonies abound, transitions shift, and genres blend in Tim Kelley's music. Here you may find Brian Wilson melodies chased by Simon Garfunkel harmonies wrapped in Harry Connick Jr. tonalities. Behind the notes you'll find the idealism that music can save your soul; that every experience is worth keeping, however painful, that redemption lies just somewhere around the corner, that age is a four letter word and fear is not worth the letters that make it up. In his music you'll not hear an outcry against pain and loss, but the quiet and subdued decimation of it through art, the recognition and release. Life goes on, music moves further.
