Soothing piano-based ambient and melodic music to escape with. 8 MP3 Songs NEW AGE: Ambient, NEW AGE: Meditation Details: The music on Among Friends combines piano, guitar, and orchestrations to create ambient moods such as heard on the track Among Friends, or a little bit of a rock edge as heard on High School Daze. The title Among Friends was chosen because the musicians on the project have been my close friends for many years, some since I was in high school. For example, Brian Beshears (co-writer for Among Friends and High School Daze) and I were best friends through high school and remain close friends today (20 years later). In fact, Brian and I wrote the song High School Daze while we were in high school, hence the name. I live in Denver, CO where I enjoy life with my family and acting as a volunteer firefighter/EMT with a local department. I sincerely appreciate you listening to the music and I always encourage listeners to drop me a line. Thanks, and best regards, Tom June
