"It was a great experience for me; I lived a true dream! After this festival, I made my first CD, L'AMORE E'SEMPLICE, featuring my best known single, L'IMMAGINARIO." Veronica lives in Italy, and regularly performs in the clubs in Tuscany and throughout central and southern Italy. She is hoping to perform in American soon. She is, above all, an animal lover. Much of her time is in support of animal welfare groups. She was born on April 17, 1979, "so I'm an Aries, and if you believe in astrology, I can tell you I'm a very typical one.stubborn, possessive and really sensitive. "I started to sing ...when? Oh, I think I started to sing when I started to speak :) I like to listen to many kind of music, not only pop. I simply adore 70's rock, especially "glam" like David Bowie and T-Rex; I love Janis Joplin's voice, but also Eurythmics and some from the 80's. Oh...the list of my favorites in music can be much too long. She lives in a city close to Siena, in Tuscany. "Before, I lived some years in Rome, but I think it's really chaotic...yeah, a beautiful city...but chaotic!!! :- P "Oh, I'm still a student, too. I started university in 2004. Now, I'm in my third year majoring in Medieval history. I'm very interested in this course. Perhaps, after my singing career, III be an archivist. (Please, cross your fingers for me: I've many exams to do during this year ;-) !!!! "It is my sincere hope that you will be touched by my voice and music. I always think music can make every day nicer! "Please visit my website, veronicaventavoli.com. You will find many pictures, a slide show video of my "L'immaginario," an animal help page, and a link for emailing me directly. I'd love to hear from you."
