[DOWNLOAD HERE](#)

Intended to make you laugh while tugging on your heart strings. 15 MP3 Songs POP: Folky Pop, EASY LISTENING: Adult contemporary Details: VONTANNER (aka Chris Tanner Michael Vaughn) have been writing and singing openly gay material since Chris' first recorded songs on Folkways Records in 1978. Never compromising himself or his music, Chris continues to perform, openly, proud and still managing to hold onto his sense of humor. VONTANNER's new cd, 'So Gay' is testimony to this. It is full of humor that will make anybody laugh, yet laced with some of the heart aching realities of being a gay man approaching his 60's in America. This is the music, the career, the laughs and tears of a gay, singer/songwriter, pioneer, survivor. (About the name VONTANNER: Chris' birth name is Chris Tanner and his husband, Michael's is Michael Vaughn, so, says Chris with a giggle and a sneer, "Since some of you will not let us marry each other we took it upon ourselves to do just that...combining our names we became, Chris Michael VonTanner. We don't need no stinkin' piece of paper!") Hi Chris, Thank you so much for Why Do You Have to Be...So Gay? - it was a complete surprise to get, and I love it! Was this originally just a CD project or is this ultimately for stage or film? It should definitely be a stage musical! Sort of a cross between Hair and Hairspray :) Seriously though, it's got a life ahead of this beyond the CD laser. Good luck with getting it out there and keep me posted!! Big hugs, Jon Jon Gilbert Leavitt
