

The Book Of Dragons By Edith Nesbit

[DOWNLOAD HERE](#)

Magic turns up in the most unexpected places in E. Nesbit's madcap fairy tales--and so do dragons: One flies out of the pages of an enchanted book and eats an entire soccer team.... Two children try to wake St. George when a plague of dragons descends on modern England.... Wicked Prince Tiresome sets forth to hunt a fiery dragon with a pack of trained hippopotamuses.... One hundred years after its first publication, this collection of 8 of Nesbit's most delightful fantasy stories returns and is still every bit as fun as when it was first published. Its original 16 black-and-white illustrations are also included in this must-have for all Nesbit fans.
