From: Mark Idzik Friday, 10:14 am OK, I admit it. I wasn't trying to get a top search engine position. Truth is, I just wanted to sell more of my new software, Affiliate Profit Guard. So I created several affiliate link pages of my own to demonstrate how it worked. What happened next shocked me. Let me explain.

Common Problem, Hidden Reward Several months back I noticed that my affiliate commission checks were starting to dip. After poking around, I realized that some of my links were being hijacked. People were chopping off the affiliate code in my links and sometimes even replacing it with their own! And it wasn't just happening to me. Several of my friends and well known Internet marketers had also discovered that upwards of 30 of their affiliate commissions were being stolen too! Based on my programming background, I figured out a way to protect my affiliate links and my commissions started going back up. Then I packaged the solution as an easy to use software application called Affiliate Profit Guard. A Search Engine Miracle? Remember those sample affiliate link pages that I created to demonstrate Affiliate Profit Guard? Something amazing happened: My link pages jumped to the #1 spot

at Google, Yahoo and AOL in less than three weeks! Im still in shock. Naturally skeptical, I checked it again: #1! Then I checked another affiliate link: #2 and #3 -- in all three search engines! Thats what this powerful little ebook is all about. Highly Targeted Traffic -- Free! Inside the Embarrassingly Simple Way, youll discover exactly what I did, step-by-step, nothing is left out. Just peek over my shoulder and start grabbing your own top positions ... without spending a dime on pay-per-clicks or search engine optimization. Its simple and takes just 10 minutes to complete. How Much? Its worth at least the \$299 it costs to get listed in Yahoo! But order now, and this Embarrassingly Simple Way is yours for only \$17.00. Think about it: Every day people search the popular affiliate programs. And when they do, your money making affiliate link is right there at the top of the list (sometimes, ahead of the owners own page!).
