The Most Critical Key to a Successful Wedding Day Weve all been to weddings where everything went smoothly the entire event was wonderful, from the invitations to the ceremony, the food at the reception, the music all combined in a wonderful, personal experience for the new bride and groom. Ive been to many weddings like that, and when the happy couple returns from their honeymoon, and they tell me about their day, the first thing they mention is how much fun they had how stress-free and happy they felt knowing everything was taken care of so they could enjoy their special day. Successful weddings are no accident. They are the result of months of careful planning and attention to every detail by a professional who knows the industry and the little-known insider secrets to planning the perfect wedding. Little-Known Insider Secrets Youll Learn Here The best way to gain this or any new skill Wedding Planning included is to learn from someone who is already an expert at doing what you want to do someone already at the top of the industry! You could work for years on your own, learning by trial-and-error all these tricks of the wedding industry and still never learn a fraction of what I have to offer you today. Why waste valuable time struggling, when you could be succeeding as a \$100,000+ per year Wedding Planner? The information available to you here through this exclusive audio product highlights the expertise of Catherine Porterfield, an extremely successful Wedding Planner with nearly a decade of experience planning dream-like weddings in highly competitive and very demanding Washington, D.C. area. Through my program, Catherine gives you an insiders look at being a Wedding Planner, as only a seasoned pro like Catherine can. She reveals the secrets she has learned while building her own wildly successful Wedding Consulting practice and shows you how you can easily do the same, using her special techniques or how you can use her secret tips to plan your own perfect wedding. Here are just a few of the little-known secrets youre about to discover: Learn the specific traits you MUST develop to succeed as a Wedding Planner ignore these at your peril! How to market your services what to include in your portfolio. The importance of networking and how to become successful at it to build your business. How to conduct the first interview with your client - when you need a contract and what it should include. What a typical wedding planning timeline should look like and what it should include. Catherines secret tip for getting new clients after the wedding! What to do when too many family members want to help plan your wedding. Current wedding trends and new traditions to consider. Secret tips on budgeting and saving money on every aspect of your wedding. And many, many more! Wedding Planners Are In Demand! It

used to be common for the bride and her family to plan the entire wedding from invitations to the ceremony and reception. Not so any longer! In The Wedding Boom, a report published by the prestigious Conde Nast Bridal Group, the facts show that the percentage of couples hiring a professional Wedding Planner to plan their wedding has DOUBLED in just the last 3 years! In her report, Wedding & Honeymoon Statistics, highly respected author and noted wedding expert Susan Breslow Sardone reports that the American wedding industry is BIG business, totaling more than \$50 Billion each year. There are close to 2.5 million weddings every year in the United States an average of 44,230 weddings every single weekend! Weddings have gotten much more elaborate as well. No longer a simple afternoon gathering, some weddings are actually a 3-or 4-day event, with theme and destination weddings setting new trends. With large-scale weddings like this, its easy to see why the average cost of an American wedding is now over \$27,000! With that much money at stake its no wonder thousands of couples are now hiring professional Wedding Planners to make sure their wedding day is flawless. Work Part Time and Earn \$100,000+ Per Year Im serious! Wedding Planners typically charge 15 20 of the total cost of the wedding for their services. This means you could plan just 26 weddings, and earn over \$100,000 per year. Thats \$27,000 (average wedding cost) x 15 (commission) x 26 (weddings planned per year) = \$105,300 every year! Of course, you can plan more weddings and earn even more the choice is up to you! When you start your own Wedding Planning business youre the boss! You work as much or as little as you want when you want. Theres no time clock to punch you set your schedule, so you can balance other commitments with children and family.
