

LAlarm 5.7

[DOWNLOAD HERE](#)

LAlarm sounds an alarm when a laptop is in danger of being stolen or losing data, and it can recover and destroy data if the laptop is stolen. LAlarm consists of seven alarms and other security functions designed to protect laptops, sensitive data and laptop users. * Theft Alarm- Prevent laptop theft by sounding an alarm when a thief tries to steal a laptop. * Perimeter Alarm- Alert when a laptop goes outside a perimeter. It helps prevent laptop misuse and keeps the laptop within a safe boundary. * Inattention Alarm- Sound an alarm when the owner leaves the computer unattended in an unsafe area for a period of time. It helps prevent laptop theft. * Battery Alarm- Alarm when the battery is under stress in order to preserve the battery capacity and prolong the battery lifetime. It also alarms when the battery level is low to prevent data corruption due to sudden power loss. * Disk Alarm- Alarm when a hard disk drive needs a repair or replacement in order to prevent data loss and laptop failure. * Data Destruction- Protect sensitive data by destroying the data if the laptop is stolen. * Data Recovery- Can recover data from a stolen laptop. * Mobile Phone Alert- Send an alert to a mobile phone via email or SMS. * Theft Response- You can tell your laptop what to do in advance if your laptop is in hands of a thief. * Health Alarm- Alert the user when using a computer for an extended period of time in order to prevent computer-related injuries. *

Panic Alarm- Alert an emergency contact in case of an emergency. Also emits a loud alarm sound to protect the user from an attacker.
