"Magic Button - The Lazy Man's Way To Internet Marketing Success" Would you like the power to practically force your web site's visitors into clicking the links or visiting the pages you wanted them to. Can you imagine just how much additional revenue you could generate? Getting clickthroughs to the links that matter is what every web site owner wants needs to generate income online. Well That Power is Yours! With Magic Button you can wield that power in just three mouse clicks. Okay right now you may be wondering what the heck's a Magic Button and what does Magic Button software actually do. Magic Button allows you to generate highly customisable, attention grabbing and unblockable links. Text or images or both - you choose. . . . You can see an example on this page promoting my newsletter. It hasn't been blocked like a PopUp and it's not 'In Yer Face' annoying like on of those floating ads. (Don't you just close them down anyway?) Here are just a few of the many successful uses for Magic Button: * If you promote an affiliate program you need people to click your links and visit the affiliate site so that you earn commissions. * If you run a newsletter or eZine you need people to sign up for it and preferably with

their primary email address. * If you offer free ebooks or ecourses you need visitors to download them. * If you sell your own products your aim is to get people to click through to your 'order' page the moment they're sold on your product. Tags: mrr,
