Upbeat rock you can put your dance pants on for. 7 MP3 Songs POP: New Wave, ROCK: Rock Roll

Details: Ten years ago two brave men went deep into the bowels of the Florida everglades looking for the missing link. That has nothing to do with this story. For this is the story of Bachelor Party Weekend, the most corrupt, egotistical monolith in rock history. Five gasoline fueled hearts bent on destruction, BPW has been the pied piper in the Tri-cities area for the past two years. Their influence goes from the streets right into city hall. Their music acts as a catalyst for human change. Human change towards the bizarre. Where the ancient druadic cult of Zoroaster left off, BPW shall continue the reign of blood and geometry. Don't let your children fall in line with these priests of dark lore, for they shall turn your children from the innocent to the freak. Bachelor Party Weekend bring with them the end of times. People who are interested in The Strokes The Hives Iggy The Stooges should consider this download.
