A Small Handful Of Six Figure Earners Have Learned The Secrets To Making Loads Of Cash By Simply Adding Video The Correct Way To Their Websites... Who Else Wants the Secrets That Will Pull Tons of Unclaimed Money From Your Website by Splicing These Simple But Dangerously Effective Video Tactics Into their Business? Dear Friend, Not too long ago my buddy kidnapped me and took me to my first internet marketing seminar in Orlando, FL. On the drive down to Florida I confessed my towering dept from being a tech junky. We devised a plan that would... \* pay off my credit cards... \* allow me to quit my job in Oregon... \* move to Atlanta... \* and do it all in just four months... ...if only we knew what was going to unfold for me on this spectacular weekend. Among all the things that I learned at the seminar I noticed that just about everyone was using video somewhere in their website... A lot of powerful ideas filled the air, but no one seemed to be putting them together. I heard many comments of I just put a video on my site and conversions doubled countered by I tried the same thing but my conversions dropped in half... Being a newbie and very curious I asked the people making these comments what they were doing. I wanted to know everything, good and bad... What I learned that weekend was amazing, 7 Simple Tactics

That Anyone Can Use... Why are you NOT cashing in on the growing internet video buzz? I had some previous marketing experience offline and going to the seminar helped me learn something about myself. My first job was in a department store where I did fairly well on my commissions. I tried my talents out in a call center, yes I was one of those guys interrupting your dinner, but I couldn't close a single call. It was not until attending the seminar that I realized why I could do so well in the store but so bad on a phone. It was because I was giving up something very valuable... Video allows you to use the oldest and most powerful medium of communication to close the deal... Video gives back the one most powerful tool in any marketer's bag of tricks and the one thing that I had lost attempting telemarketing... FACE TO FACE COMMUNICATION! Why is talking face to face so important? Just watch ANY two people talking. People in general are very animated when we talk to each other. Your eyes, your mouth, and your movements all combine with your voice to say what you need to say. Can You Handle Getting Paid For A 30 Second Video Clip? \* Learn how to use video to drive massive traffic to your site for months or even years after launch... \* Don't let your existing videos keep stealing your profits... \* If you are thinking of adding videos to your site or if you already have them you need to know these 7 secrets... \* Stop leaving loads of money on the table every time someone visits your website... \* Stop paying for bandwidth for videos that only add the bells and whistles learn how to make your video content generate cash... \* Stop making excuses for not using video in your strategies and start using video to profit month after month... \* Find out how Keith Wellman, Sterling Valentine, Gary Ambrose, Mike Filsaime, and many others make six figures in just seven days by leveraging the power of video... \* Generate tons of subscribers and add proven BUYERS to your list in record time!
