I couldn't very well make this product for the average Joe & Jane and then sell it at unheard of rates now could I? Obviously other companies who have used this technology have assembled entire teams to create it which resulted in who knows how many man hours and tens of thousands of dollars invested but this was created to make this technology available to you... Affordably! If you are one of the first 30 people to act you will get the "pre-launch" rate and pay only \$97 for this smokin' hot software. You see, I want to test this thing out small scale and measure the results that my clients get. While I know (and guarantee) that you will see increased profits, I want to make sure that this doesn't get flooded and want to "stick my toes in the water" before rolling it out. To top off that incredibly low price, you are going to get a heap of bonuses worth more than triple what you pay for the "Personal Sales Letters". Take a look (and try not to drool too much)...
