When Raven Klein, a bi-racial woman from Iowa moves to Atlanta in hopes of finding a life she's secretly dreamed about, she finds more than she ever imagined. Quickly lured and lost in a world of sex, money, power-struggles, betrayal and deceit, Raven doesn't know who she can really trust! A chance meeting at a bus terminal leads to her delving into the seedy world of strip-clubs, big ballers and shot-callers. Now, Raven's shuffling through more men than a Vegas blackjack dealer does a deck of cards. And sex has even become mundane -- little more than a tool to get what she wants. After a famous acquaintance winds-up dead -- On which shoulder will Raven lean? A wrong choice could cost her life! There's a reason they call it HOTATLANTA! Outstanding Debut The book does get you caught up in the plight of the main character from the beginning. If readers are looking for high drama mixed with a glimpse of street life, they can't go wrong by checking this book out. Review by Zane NY Times Bestselling Author
