What do you think limits your online profit more than anything? Sure, there could be a dozen reasons, but as a professional Internet Marketer I can tell you that two of the main leeches on my time is lack of knowledge and a learning curve. I know what it's like - you see services, products and software that you KNOW will benefit your business but it's impossible for you to use them unless you know what you're doing with them. Why not simply outsource these tasks? Well you could, but here's a key point missed by MANY marketers - in fact many fulltime pros don't even recognize this... **TO BE ABLE TO OUTSOURCE EFFECTIVELY YOU NEED TO UNDERSTAND THE FULL POTENTIAL OF THE SERVICE OR SOFTWARE USED IN THE PROCESS!** How would you instruct a freelancer to use Twitter for example, without knowing about the nuts and bolts yourself..... the etiquette, the capabilities of the software and the possible pitfalls? It just wouldn't work. But on the other hand, learning all these things takes time, and if you're a pro-marketer, time is money - cliché, but true. If you're not yet full time you're probably struggling to find time to work on your business anyway, with your job, family, the shopping, paying the bills, washing the car, and all the other things that make up our day to day lives, let alone learn essential new

techniques. But some things are pretty important for your business.... And if you're not yet using Twitter as a marketing tool then - let's speak plainly - you're falling behind the competition. Well I can help, by showing you ONLY the things you need to know about Twitter as an internet marketer. The rest you simply don't need. Introducing..... Twitter Know-How! Audio MP3 Included! In this simple but deadly effective shortcut guide, you will discover.. Exactly what Twitter is; Why Twitter is an deadly effective marketing tool; How to sign up, use and 'tweak' Twitter as an internet marketer; Which aspects of Twitter are VITAL and which ones are time consuming and energy sapping; Twitter etiquette; The truth about getting Followers; Providing value (which sells); How to write killer tweets; The best Twitter plugins (and the essential marketing ones!); Twitter tool secrets; Twitter Services secrets; Ways to make money using Twitter; And Much, Much More....
