109 Relationship Marketing For Newbies The money is in the list. Youve probably heard that before right? Well, thats not exactly true. Not the whole truth anyway. The biggest obstacle you face and have to overcome when you publish a newsletter or put any free or paid information out there is the fact that people have gotten used to getting junk (from your competitors) disguised as helpful free or paid information. Many writers put out sub standard information simply because theyre writing from a mentality of I gotta get paid and when you do that, you completely forget about the people youre writing to and start to concentrate on you and what you want.
