"Here's A Quick And Easy Way To Get Loads Of Search Engine Friendly, Automatically Updated Content On Your Websites - All Delivered On Autopilot!" Get Free Automatically Updated Article Content Auto Content Pro allows you to harness the power of so-called "Javascript Feeds". Many sites offer Javascript feeds, including several of the top article directories. To use a Javascript feed, you simply visit the appropriate article directory site, select a few options and then paste the supplied snippet of code into your web page. Instantly you get automatically updated content shown on your web page. It really is that easy! Here's an example of self-updating content that you can get absolutely FREE... Easily Add Search Engine Friendly Feeds To Your Sites Auto Content Pro can be used to add search engine friendly Javascript feeds to any web page - in just a few seconds. Here's a screenshot of this easy to use software: Just take the script code supplied by the article directory site - and paste it into the tool, then click the Create button. The software will then instantly generate special HTML code. The tool can either copy the code onto the Windows Clipboard (so you can paste it into your web page using your HTML editor) - or it can directly insert the code into your web page for you. Once you've used the tool and

uploaded your updated web page, the feed will appear on your web page automatically, showing your visitors the very latest article content. The feed looks exactly the same as if it was taken directly from the article directory - but because you've used Auto Content Pro, the content is readable by the search engines. This provides regularly updated, search engine friendly, targeted content on your website automatically.
