You're probably wondering exactly what Contact Automator is. Well... it's a revolutionary new program that allows you to create little applications that sit in your prospects system tray (The bottom right of your screen beside the time). This application will check whatever URL you tell it to as often as you want. And every time the URL updates, it lets your prospects know! What does this mean to you? It means you can basically follow your prospects about, long after they leave your site, and literally FORCE them to look at your latest products and offers! Here are just a few of the ways you will benefit from Contact Automator:

- Newsletters - Guaranteed delivery of every issue of your newsletter -- no more accidental filtering or blocking of the e-mail version by ISPs and filtering software!
- Special Offer Alerts - Your prospects get instant notification of all your latest special offers!
- Backend Promoter - Strike up affiliate partnerships and promote them through Contact Automator.
- Affiliate Updater/Motivator - Inform your affiliates of your new promotional material and products. Keep them up to date with their affiliate stats and motivate them to make YOU more money!
- Membership Sites - Run your membership site through Contact Automator, now your members will always know as soon as you add new content.
- Product Updates - Inform your

customers of the latest updates to your products so they can get instant access without even opening their browser or email program! Download Area - Have your website download area contained within Contact Automator so you can bring people back to your offers long after they download your freebies! And many, many more!
