But if you want to know more, think of a place where peace, love, and kindness are earmarks of the spiritual life. Common Ground seeks that place where we all come into the awareness of being loved by God and where we are all brothers and sisters, learning to love each other. Mark Austin, Richard Knox, Barbara Hester, and Mark Turnbull are the artists of Common Ground and our desire is to make a contribution to the solution, rather than the problems of the world.
