Raw acoustic-driven urban folk featuring intimate guitars, bass, piano and vocals. 14 MP3 Songs FOLK: Modern Folk, ROCK: Acoustic Details: ALBUM NOTES: This musical journey includes 14 original songs (50+ min.) inspired by a series of unique events/people ranging from our move away from the Midwest to a wedding in Duluth to drinking in Minneapolis bars to the chaos of relationships to...Hamlet. It's a purely acoustic effort with stripped down vocals, guitars, bass, and piano. BIO: Minneapolis native, Eric Thiels, blends a unique flavor of urban folk with the sultry soul attitude of wife, Rebecca. This acoustic duo most recently came off an hour long appearance on New Jersey public radio and a rash of CD-signing shows in the mid-Atlantic region (Greenwich Village, NYC; Princeton, NJ; Philadelphia, PA; Wilmington, DE), the couple have surpassed the era in their mid-20's of the rock roll band days of the Minneapolis nightclub scene and stepped into the realm of national, professional acoustic performers. Don't misunderstand, the Thiels duo still passionately dishes out live music, but the pair now creates an immediate and intimate connection with the audience while fostering their original and viby atmosphere. From self-composed urban folk ballads to indie lo-fi anthems like their MP3#1 single, "Pocket of Love" , the couple's musical line-up oozes over the listener in honest bar chords and tight vocals. Now living and playing on the east coast, the couple focuses their musical energy nationally as they travel the U.S. playing acoustic concerts. So bring your sense of humor and your appetite for story-telling as their unpredictable style, raw acoustic guitar, and stark lyrics will capture both your smile and imagination.
