They are joined by veteran drummer Brad Fish, bassist Jerry Kirk and Eddie Yates, also on guitar. Johnson and Alderson have a working relationship that spans more than a decade and they have two previous efforts "Message From The Heart" and "New Span For An Old Bridge". Together they are reminiscent of some of the great rock pairings like Bono and the Edge, Jagger and Richards and Tyler and Perry but with a female vocalist. Alderson has a unique playing style that includes influences like Steve Morse, Jimmy Hendrix and Sonny Landreth. Johnson has been widely compared to Grace Slick and Debbie Harry but with a style that is her own. The sound is powerful and has a unique combination with Alderson's guitar work and Johnson's vocals and a strong rocking rhythm provided by Fish, Kirk and Yates.
