

Train Station Platform Atmos Quiet (sfx Sound Effect)

[DOWNLOAD HERE](#)

This 2'30" file was recorded on an large and reverberant, yet empty and very quiet train station platform. There is an automated announcer at around 30" into the recording. Also see our other station and train recordings. All files on sale by Sevenleaf SFX have been recorded by professionals and are available for you to download as 16 bit 48kHz wav files. Previews are low quality mp3 files with security watermark beeps. Purchased files are broadcast quality wavs without watermarking.
