Dear Reader, Remember your first day of work at your first job? You were probably nervous and unable to settle the butterflies in your stomach. You were really excited. You headed off to conquer the world! Just thinking about bringing home your own money allowed you to dream about how you were going to

spend it. A new car? New clothes? Movies? Never mind that you were only making minimum wage and it would take over half your paycheck for transportation. Can you conjure up those memories? So what happened? Sadly, you grew up and reality reared it's ugly head! Don't you wish you could recapture that same excitement? Wouldn't it be great to work at something you really enjoyed? How do you think it would feel to have fun while earning a living? Ask yourself these three questions: 1. What if you could start over? 2. What if you were able to recover that kind of enthusiasm? 3. What if there were a way to dare to dream again? Well, you can. If you are like many people, you may have explored the idea of working from home. The problem is finding an opportunity that is legitimate and not just another "get rich quick scheme." What you need is a practical application tailor-made to your personal experience. If you are a good writer that is a skill that you can market online. If you have IT experience, there are countless numbers of people who can use your services. Tapping your own personal skill set and selling that skill is commonly referred to as "freelancing." Everyone has a talent to market. What to do and how to do it each and every day to insure success is the challenge. Well, how do you overcome that challenge? What steps do you need to take daily to create that success? You need "Your Freelancing Guide." and some of the best parts are . . . * It isn't written by a guru. It's very honest and easy to read. * It doesn't require much time to get the details. * Cost of the guide is minima - you'll laugh at the price! Our author has created a very comprehensive guide that will help you learn how to discover your skill and develop it. Understand that you CAN do this. Take a look at what you'll uncover: Learn the good and bad about freelancing. Find out how to plan your new self- employment. Discover how to find clients. How you can buy time with money.
