

# Advances And Challenges In Space-time Modelling Of Natural Events

[DOWNLOAD HERE](#)

Space-Time Geostatistics.- Markov Random Fields.- Extreme Value Theory for Random Fields.- Spatial Design.- Some Problems Related to Isotropic Covariance Functions.- Random Fields and Hilbert Spaces.- Conditional Simulations of Random Fields.- Space-Time Point Processes.- Non Gaussian Random Fields.- Space-Time Second Order Properties of Random Fields. EAN/ISBN : 9783642170867  
Publisher(s): Springer, Berlin Format: ePub/PDF Author(s): Zhang, Hao - Stein, Michael - Lindgren, Finn - Allard, Denis - Mller, Werner G. - Ruiz Medina, Maria Dolores - Genton, Marc - Thorarinsdottir, Thordis Linda - Porcu, Emilio - Montero, Jose Maria - Schlather, Martin
