

Cambridge Companion To Levinas

[DOWNLOAD HERE](#)

A convenient and accessible guide to Levinas which emphasises the interdisciplinary significance of his work. Emmanuel Levinas is now widely recognised alongside Heidegger, Merleau-Ponty and Sartre as one of the most important Continental philosophers of the twentieth century. His abiding concern was the primacy of the ethical relation to the other person and his central thesis was that ethics is first philosophy. His work has also had a profound impact on a number of fields outside philosophy such as theology, Jewish studies, literature and cultural theory, psychotherapy, sociology, political theory, international relations theory and critical legal theory. This 2002 volume contains overviews of Levinas's contribution in a number of fields, and includes detailed discussions of his early and late work, his relation to Judaism and talmudic commentary, and his contributions to aesthetics and the philosophy of religion. EAN/ISBN : 9780511033650 Publisher(s): Cambridge University Press Format: ePub/PDF Author(s): Critchley, Simon - Bernasconi, Robert
